

## TOOL SET

Everything you need for on-the-road adjustments, including tire patch kit, screwdriver, socket and wrench set and tire irons.

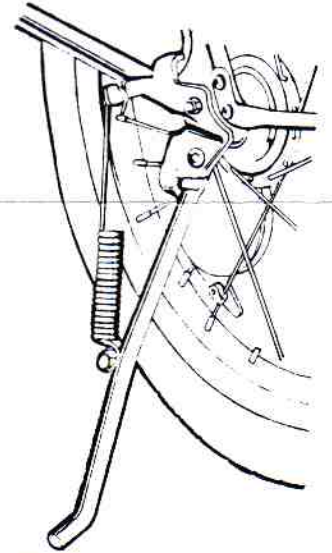

## GENERATOR/LAMP SET

Ideal for nighttime riding, the generator/lamp set illuminates your way and protects you from traffic.

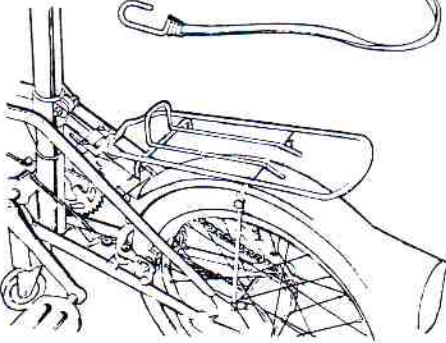

## BELL

Announce yourself with the handlebar mounted bell. They'll know you're coming with this clear sounding, thumb operated bell.

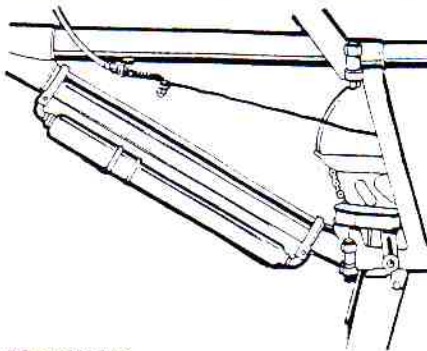

## KICK STAND

Stand your bike up anywhere, anytime. The spring mechanism kick-stand supports your bike on virtually any surface. Super lightweight yet strong.

## REAR CARRIER

Mounts on the back of the Folder with minimal effort. Excellent for carrying all types of packages. Bungee cord conveniently secures packages.

## AIR PUMP

Designed for on-the-road flats, but also effective as a regular air pump anytime your tires need air.
