

LITY

EXERCISER/TRAINER

Now you can use your bike all year round. Cold weather doesn't have to be a deterrent to exercise with the new DAHON Exerciser. Swiftly and easily mount your bike and instantly transform it into an exercycle. Includes speedometer/odometer and a unique springboard action that allows you to choose between stationary or rocking motion. This feature was suggested by a cyclist/surgeon. Everyone has found this exerciser to give a more realistic and fun ride indoors. For a stationary ride, simply lock it in place. Fits any size bike with regular axle nuts and requires no tools. Folds away in seconds for easy storage and portability. A new value-packed item specially designed by Dahon. Available for a nominal price.

SHOW STAND

Designed for the dealer, for displaying and demonstrating the folding/unfolding process at a comfortable level, the showstand can also be used for repair work in the shop.

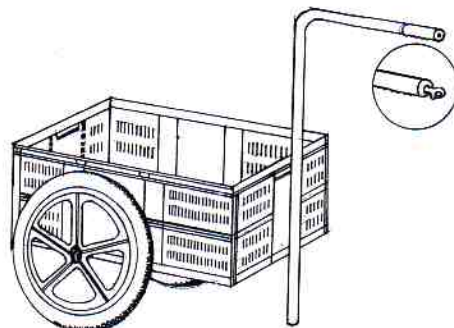

HANDLEBAR POUCH

For that extra storage space you always seem to need. Perfect for schoolbooks, beach towels or small packages. Attaches to handlebar for easy access and added security.

CARRYING CASE

Place your bike in it and ZIP IT UP. Perfect for commuters—protects the bike from scratches while transporting it. Also perfect for storing your bike in a dust free environment between rides.

FOLD-AWAY BIKE CART

Take your laundries, your dogs, or your groceries with you. This unusual folding cart folds away in seconds without tools right along with your bike for easy storage and transportability. What a perfect companion in your RV, boat or airplane. Holds up to 100 pounds and is expressly designed for easy pulling by any bike.

ORDERING INFORMATION

Contact your nearest Dahon dealer, or call the Dahon distributor listed on the back cover.
